Shia P.G. College, Lucknow, Lucknow, UP & Science-Tech Institute run by Manraj Kuwar Singh Educational Society, Lucknow, UP are going to organize **International Conference on Advancements in Interdisciplinary Research (ICAIR-2021)**. This Conference will provide a platform to the researchers and academicians to enrich their methodological and analytical skills. Currently, the research fraternity is missing their lively and interactive conference due to COVID-19 Pandemic. To address the present situation we are conducting this **International Conference on Advancements in Interdisciplinary Research (ICAIR-2021)** for faculty members, research scholars and students of all the disciplines in the country and abroad from **Oct 26- 28, 2021**.

Shia P.G. College, Lucknow

Shia College is one of the premier institutes spreading the light of learning and knowledge to a large number of students under the management and control of the Board of Trustees of Shia College & the School and the other connected Institutions. Following the traditions of Islam, as practiced by its Prophet and his successor, the College has served all the communities without discrimination, maintaining high standards of secularism and patriotism from its very inception.

Keeping the best traditions of Prophet Mohammad (S.A.) who said, **“To seek knowledge and learning is obligatory for all Muslim men and women”** his daughter Fatima (S.A.) and his twelve successors (A.S.) the first of whom Hazrat Ali (A.S.) said, **“Let no child remain uneducated while I hold the reigns of power”**, as such the idea of starting a degree college at Lucknow was approved by the leaders of the Shia Community in the year 1915. A delegation met the Lieutenant Governor of the then United Provinces of Agra and Avadh to seek permission for the establishment of the College. The plan could not materialize immediately at that time due to the restrictions imposed by the State Government in view of the proposed unitary teaching-cum-residential University at Lucknow with Canning College as the nucleus. Thus Shia College started as a school in 1919. The classes were temporarily arranged in the premises of Asifi Imam Bara (Bara Imam Bara and Roomie Darwaza). The college rose to the status of an Intermediate College in 1922, teaching subjects in Humanities and Social Sciences. The same year (1922), foundation was laid to construct a building for the College on the land provided by **“Karbala of King Nasiruddin Haider of Oudh”** on Sitapur Road. Land was also donated to the College on Faizabad Road. With generous donations pouring in from the masses of Shia community, the major shares naturally being from Nawabs, Taluqedars and other well wishers a spacious building for the college came into being and the classes were shifted to it in 1923. Teaching of Natural Sciences at Intermediate level was introduced in 1932 with well equipped Laboratories. Renowned Company Martin & Bern has constructed the Main Building which is named after **Prophet Mohammed (S.A.) as Mursal-e-Azam (S. A.) Block**. When in 1947, the University of Lucknow decided to permit the teaching of Science outside the premises of Canning College, Shia College was one of the first three Colleges of Lucknow to be found suitable for the purpose. The same year teaching started in the College for students pursuing courses for the degree of Bachelor of Science.

The permission to start classes in courses leading to the degree of Bachelor of Arts of the University of Lucknow was granted to the College in 1960. The recognition to start classes for Bachelor of Laws was granted to the College in 1970 and for Bachelor of Commerce in 1972. Computer Science as a subject at B.Sc. level was introduced in 1989. The College has risen to Post-Graduate level and M.A. Classes in Urdu and Sociology have been started from 1995 and 1996 respectively. M. Com. (Applied Economics) Classes were started from the academic session 2005-06, M.Sc. (Zoology) and M. Com. (Pure Commerce) classes have been started from the session 2006-07, M.A. (Journalism & Mass Communication) are running successfully from the session 2007-08. M.Sc. / M.A. (Statistics) classes have also been started from the session 2008-09. A highly professional management course Bachelor of Business Administration (International Business) i.e. B.B.A. (I.B.) was started from the session 2005-06.
